THE FOLLOWING INFORMATION IS INCLUDED IN THIS RFP:

- BID Q & A

C1: Data Transmission: Category One – Data Transmission Services

QUESTION 1: Regarding the WAN section of the RFP, Circuit 1 is described as running from the High School to the High School. I am confused by the starting location and the ending location being the same address. For better understanding could you elaborate where in the High School is the starting location and where in the High School is the ending location?

ANSWER 1: Currently the incoming internet access service terminates in the technology closet in the high school building. The requested circuit will begin and end in the same technology closet in the high school building.

QUESTION 2: Does the district have a preference for each of the WAN segments to be in a Point to Point design?

ANSWER 2: No preference.

QUESTION 3: What is the exact URL for the E-Rate Section of the Stigler Website?

ANSWER 3: <http://www.stiglerps.com/stiglerERate.pdf>
